ping of all production of copper at the Surro mountain branch of the Phelps-Dodge corporation, at Tyrons, and the turning of attention to development work and repairs, indicates pinish; the policy of the company.

Tyrons cannot produce copper at the present market prices, with the present market prices, with the present cost of labor and supplies. There is, moreover, no incentive to produce topper now, when the copper cannot be sold, and overburden the market with the unsold product.

The shutting down of the Tyrons plant has little effect on the amployment in that camp, however, as practically all of the force of minry who have been preducing ore for the mill kive here placed on development work, which will be pushed to the

TEXAS COLONEL \$1

ANOTHER TEXAS CHIEF

15 wonderful acres just 1700 yards northwest of the Texas Chief and in line of biggest production. Senator Testerman, who heads the company, expects the biggest well in the northwest Burnett wonder pool. The capitalization is only \$100,000. This stock should be selling for \$2 right now.

FAIR WARNING! Toxas Colonel is going very deal.

J. A. D. SMITH

head of the Silver Cycle Oil Company, received the following message from Wichita Falls today;

"Silver Cycle well on sand. Setting casing-drill in in speecily.

We have a few shares of Silver Cycle at \$2 but you will surely have to hurry. Wire at our expense if you want it.

Southwest Investment Company J. E. LANE, Mgr.

Member El Paso Stock Exchange. Licensed Broker. 1111/2 N. Oregon St. Phone 2558. El Paso, Texas.

Billie Burk \$1——Capitalization \$80,000

We have sold and recommended Billie Burk since the company was organized. With the additional acreage secured in Northwest Burkburnett and the small capitalization, Billie Burk should be a sure shot. The company anneunces that a contract to drill 1 to 8 wells has been let and the price of shares will be advanced. We are personally acquainted with the men in control. They are well known local business men and are reliable.

Southwest Investment Company, J. E. Lane, Mgr.

FOR ARIZ. HERCULES COMPANY Ray, Ariz. June 28.—A. A. Wrenn general manager of the Arizona Her-C. W. Redriey is acting as superintendent of the El Pano Smellting works since Jas. Heggis left that nosition to take the superintendency of the United Verde Extension mines at Jerome Ariz. It was stated at the offices of the emsiling works that it was not likely that the successor to Mr. Registe would be named for possibly a month yet.

Sent annual interest on Savings accounts will be due July 1st. Depositions are requested to present pass tooks for credit.

LAST CALL—

Sales Campaign Closes Monday, June 30, 1919

We believe that oil is in the Hueco Basin because geologists and practical oil men tell us that the oil-bearing formation is there, that pronounced anticlines are there, that there are no faults or igneous intrusions, and that our chances are exceedingly good for big production.

It is a chance of a lifetime, so take this
